**EPICS**

> Create users and profiles

> Create and manage schedules

> Create, select and assign activities

> Notifications

> Automation

> Extras

> Co-parenting

**DEFINITION OF READY**

- US created using the INVEST model
- UX/UI created and validated
- Dev and Test environments up
- Stakeholders have agreed on a list of activities the app may support

**DEFINITION OF DONE**

- Tests are valid
- Approval from PO
- Approval from UX
- Completed acceptance criteria
- Sensitive data must be encrypted
- Sync with work schedule apps should not take more than10 seconds
